### **Please include a brief essay**

**(Video: approximately 5 minutes or Written: approximately 450-500 words)**

- State how you feel about the importance of financial education.
- Do you think your high school classes prepared you for a successful financial future? Why/why not?
- Tell us how you plan to structure your finances for the next 5 years and the steps to achieve them.
- Do you think you will pursue financial education in college, and what areas do you want to know more about?
- Finally, tell us about any community service you may have done during your final year in high school and how you think you made a difference. **(If you did not do community service, skip this question.)**

**Note on Video Essay Submissions:** We encourage you to be creative, funny, and original and to have fun presenting yourself. **(MP4 or WMV video formats only)**
